

Type NTU Heavy Duty Tip-Up Bin (Wheels & Crane Lug Options)

(Type NTU15 with optional Wheels & Crane Lugs shown)
Refer 'NTU_Sales' Product Specification sheet
for the standard model configuration.

The type NTU Heavy Duty Tip-Up Bin has been manufactured from 3mm plate and designed with fully reinforced edges. These Bins are ideally suited to heavy waste including metal, timber and building site rubble. The release mechanism is activated by the Forklift operator pulling the pull chord from the drivers seat. The custom built shock absorber prevents impact forces being transmitted to the Forklift during emptying.

All type NTU bins have a Safe Working Load of 1000kg and range in sizes from 0.7 – 2.0 cubic metre capacities. The bins are available in either enamel painted over primed steel or H.D. Galvanised finish.
